

Nanhi Kali's

Where girls learn they matter

Nurturing Future Leaders

Announcing Our New Program

At Project Nanhi Kali, since our inception we have provided educational support to nearly 700,000 underprivileged girls from lower income backgrounds in India. Your continuous support has been pivotal in enabling this, and for that, we are deeply grateful.

As the National Education Policy (NEP) 2020 reshapes educational paradigms nationwide, we have reflected on our journey and explored strategies to adapt to the changing educational landscape. While our core mission of empowering girls remains unchanged, we are poised to revolutionise our program from the new academic year. Project Nanhi Kali will provide 21st century skills training including financial, digital and life skills in the classroom as well as provide sports leadership skills training through a physical education module to girls studying in Grades 6 to 10. This will help them make a seamless transition from school to higher education or the workplace, nurturing leaders of tomorrow who are ready to break barriers and drive positive change in the world.

WHAT'S NEW?

✓ 21st Century Skills Training

The program focuses on honing essential 21st century skills. From financial literacy to digital skills, critical thinking, communication, and fostering an understanding of gender relations, the program aims to empower girls with the tools they need to succeed in today's world.

✓ Sports Leadership Skills

A professionally designed sports education module exclusively for girls is added to the curriculum. This module will not only promote physical well-being but also focus on building leadership skills, teamwork and striving for excellence through sports activities.

✓ Annual Nanhi Kali Sports Kit

Moreover, every Nanhi Kali will receive an annual Nanhi Kali kit consisting of shoes, 2 pairs of socks, 2 t-shirts, and feminine hygiene material.

SPONSORSHIP COST

The annual cost to sponsor a girl through our new program is Rs. 6,000

80G receipt and Form 10BE will be provided to all donors. A CA certified Fund Utilization Certificate (FUC) will be provided to all corporate donors.

Your support will not only provide educational opportunities but also contribute to the holistic development of Nanhi Kalis across India. As a guardian, you will receive a profile of the girl you sponsor and an annual progress report.

With these strategic changes, we are excited about the possibilities that lie ahead and the impact we can collectively make in the lives of countless young girls in India.

Your continued support is important for us to reach our goal of **1 million girls** every year.

STORIES FROM THE FIELD

Akshaya P, a bright 16-year-old girl from a family of five in Vanapuram, Tiruvannamalai, faced a significant challenge. Her father's store closure due to financial hardship left the family struggling. Despite these difficulties, Akshaya displayed remarkable resilience and a strong commitment to education. Consistently ranking among the top 3 in her class at Government Higher Secondary School, Vanapuram, she exemplified dedication to her studies.

Nanhi Kali's Digital Equalizer for Girls program proved to be a turning point for Akshaya. The program not only equipped her with valuable skills like using Microsoft Office tools but also fostered positive personal development. She learned self-care, goal setting, and time management – crucial life skills for navigating challenges. The program also addressed a personal hurdle – stage fright. Akshaya discovered a newfound confidence, actively volunteering and participating in events.

Initially described by her DEFG adjunct faculty as a quiet and reserved student, Akshaya blossomed throughout the program. Her inherent curiosity and eagerness to learn shone through. Initially hesitant to speak up in class, Akshaya's confidence grew as she honed her leadership and teamwork skills. She began guiding and encouraging classmates, actively contributing ideas and engaging in all activities.

Akshaya's story exemplifies the transformative power of education and support. The DEFG program empowered her with the confidence to overcome her inhibitions and become a leader. With her newfound skills and self-belief, Akshaya is well-equipped to face future obstacles and achieve success.

With your support,
everything is possible.
